

# DES 24MX

## Modular frames for cables with and without connectors

### FEATURES

- Modular solution
- Multiple configurations with small and big grommets
- Frame screws in AISI304 Stainless Steel
- IP54
- Strain relief according to EN 62444
- Sturdy construction IK10
- External gasket included

The DES 24MX splittable frames family is a modular solution for installations where a big quantity of cables need to be routed through electrical cabinets walls or panels. This solution is not only modular but it is also a general result that can be adopted as main cables entrance. Both cables with or without connector can be routed (40 for each module) and future updates can easily be organized in the cheapest and fastest way.

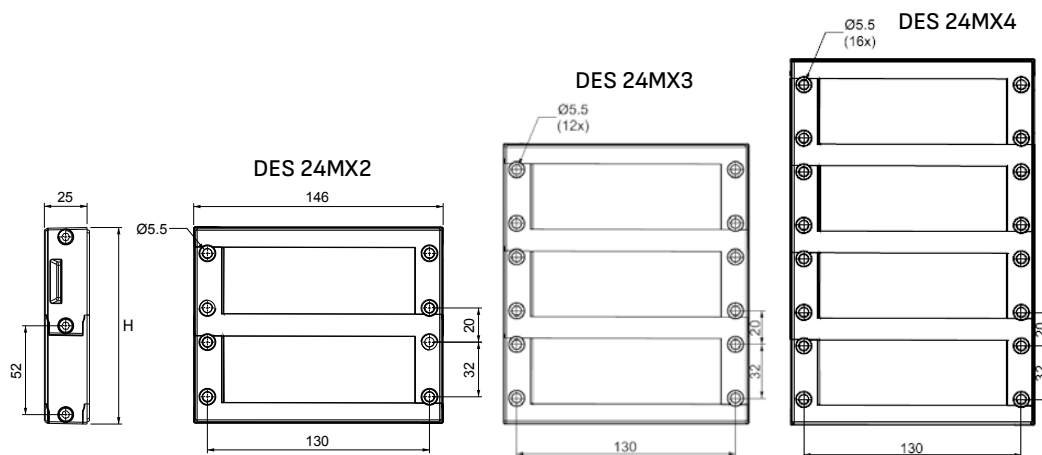

**Material:** PP+GF, halogens and silicones free  
**Flammability:** self-extinguishing acc. UL94-V0  
**Temperature:** -40°C... +155°C (static)
