

SPP multi-range grommets with pyramidal shape for cables without connectors

- Universal solution for cables without connectors from 17 to 33 mm diameter
- Can be used on all DES Frames and divisible cable glands
- IP66
- UL94-V0 for both grey and black colors

NEW

Model	Code	Thread	Pcs /pack
 SPG PG	1731020745	17-33	10
 SPG PB	1731020748		10

The SPG P grommets are suitable for cables without connectors. They are used cutting the cone at the point corresponding to the diameter of the cable. The cable is then routed into the grommet where the internal shape is increasing the strain relief.

Is it also possible to secure the cable with a cable tie.

Technical data

Material: TPE, brass insert

Flammability: self-extinguishing acc. to UL94-V0

Temperature: -40°C... +110°C (static)

Features: halogens and silicones free
